KitchenAid® 20 cu.ft. 36-Inch Width Counter-Depth French Door Refrigerator with Interior Dispense

This 20 cubic foot refrigerator has a counter-depth design that gives it a built-in look. But the beauty of this French door refrigerator goes beyond the exterior. The ExtendFresh™ Temperature Management System and Produce Preserver help keep food fresh. LED lighting throughout the refrigerator makes food easy to find on every level.

Stainless Steel - KRFC300ESS

FEATURES

ExtendFresh™ Plus Temperature Management System

Ensures ingredients remain fresh for maximum taste and texture using a sensor-controlled system with a variable-capacity compressor. There is one thermistor in the freezer and one thermistor in the refrigerator.

Interior Water Dispenser

Provides easy access to filtered water inside the refrigerator

Professionally-Inspired Design

A bold blend of professionally-inspired styling and sleek touches for the home. The striking built-in refrigerator features Satin Textured Handles with iconic KitchenAid Brand Medallions while a Platinum Interior Design enhances the beauty on the inside.

Additional Features

Produce Preserver

Absorbs ethylene gas emitted by many fruits and vegetables, causing them to over ripen. By removing ethylene, the produce preserver helps extend freshness.

FreshChill™ Temperature-Controlled Full-Width Pantry

Lets you properly store everything from meats to produce with a manual temperature setting. It gives you total control over of the amount of cool air that enters the drawer.

LED Lighting

Illuminates the inside of the refrigerator and freezer giving for better visibility. Unlike incandescent bulbs, LED lights use less energy, are maintenance-free and never need to be replaced.

Metallic Accents on Shelf Trim

Provide a touch of elegance and complement the high gloss interior finish of the refrigerator.

Humidity Controlled Crispers

Provide a dedicated storage option with adjustable humidity levels to keep fresh food in an optimal environment.

Automatic Ice Maker

Ensures a constant supply of ice on hand at all times for entertaining and everyday use.

Max Cool

When selected, automatically adjusts the temperature in the refrigerator and freezer to the lowest setting when appropriate. This keeps the refrigerator at the ideal temperature when loading groceries, the doors are frequently opened or in higher room temperatures.

ENERGY STAR® Qualified

Products conserve energy by exceeding minimum federal energy efficiency.

Metal Wine Rack

Provides a durable storage solution for up to four bottles of wine or 2-liter containers and can be removed for additional storage flexibility.
